EXPERIENCE

Frontend developer Wipro Technologies

09/2019 - Present

Pune, MH

Worked as a front end developer for a customer-facing self-care web application of a leading German telecom client

Achievements/Tasks

- Actively worked in an **agile software development** environment which utilized the Scrum process
- Translated **designs & wireframes** into high-quality code and wrote application interface code via JavaScript following **React.js workflows**
- Coordinated with the **development team of 35** to discuss, design and implement user interface ideas and applications
- Developed, debugged and maintained the latest **customer-facing, business critical self-care web application with 10mil+ users** using React.js and built reusable components in a **test-driven development** methodology
- Integrated third-party services and **external APIs** as a part of the implementation of the mission-critical **single page application** resulting in the decrease of the system's complexity

PERSONAL PROJECTS

Covid-19 Tracker

- Designed and Implemented a web application using **React, Redux**, and **React-Bootstrap** to track various statistics about covid- 19 infection rates for India and its state, UTs, and cities
- Demonstrated the numbers using **tables** and **various charts**
- Integrated **third party API** to populate the data and chart library **CanvasJS**

FoodZilla

- Established an **online food delivery system** on **modern javascript full-stack** using **React, Express, MongoDB**, and **Node JS**
- Implemented **CRUD** operations in **MongoDB**, user login/sign up, **protected routes**, **authentication** using **jsonwebtoken**, and **authorization**
