

## CAREER OBJECTIVE

Looking for a career opportunity in Web development where my skills will be utilized while making a significant contribution to success of the company.

## WORK EXPERIENCE

Project Engineer

Wipro Technologies

Sept'19 - Present

Performed functional E2E testing on German telecom applications using both automated and manual testing methods. Validated, verified, communicated and got software issues resolved through careful, thoroughly documented testing to keep track of defects. Identified and reported bugs, errors, interoperability flaws, and other issues within the bug tracking tool JIRA and documented the data on CONFLUENCE.

## PROJECTS UNDERTAKEN

FoodZilla

An online food delivery system built on modern javascript fullstack. Seperate modules for customers and restaurant owners. Customers can view/make orders to the restaurants listed on the system and restaurant owners can accept and process the orders. The app deals with CRUD operations in MongoDB, user login/sign up, protected routes, authentication using jsonwebtoken and authorization.

MongoDB

Express

React

React-Bootstrap

NodeJS

Covid-19 Tracker

A web application built using react, redux and bootstrap to track various statistics about covid- 19 infection rates for India and its state, UTs and cities. Data populated using third party API integration. Visualization of data done in tables and various charts.

React

Redux

CanvasJS

E- Police

Led a team of 3 to execute the project from its design to deployment. E- Police is a system targeted to digitalize our police department. The citizens can locate nearby police station, file a complaint, request for patrolling, view local updates/ notifications etc. The control room can view complaints or patrolling requests, send push notifications about missing/wanted person as well as instruct in case of an emergency. *(The project was listed in top 10 projects of the institute during the academic year 2018-19)*

Java

Android

Firebase

Google Places API

## Skills & Tools

React

Node JS

JavaScript

HTML, CSS

Redux

Application Testing

Mongo DB

Express JS

Others

Git

VS Code

JIRA Tools

Bootstrap

Adobe Photoshop

Mongoose

## Education

Bachelor in Computer Engineering

Gujarat Technological University

Aug'2015 - May'2019

CGPA: 8.32/10

## Certifications

MERN Stack Front To Back: Full Stack React, Redux & Node.js

Udemy

Nov'2020

Modern React with Redux [2020 Update]
