## CAREER OBJECTIVE

Looking for a career opportunity in Web development where my skills will be utilized while making a significant contribution to success of the company.

## WORK EXPERIENCE

### Project Engineer                                    **Wipro Technologies**
Sept'19 - Present

Worked as a Project Engineer for a German telecom client. Participated in the front end development team of a customer centric self care portal project. Translated design wireframes into code. Worked with React and Redux in test driven development.

### Android Developer Intern                            **Vertical 22**
June'18 - March'19

Worked in a team of 4 to execute the project from its design to deployment. E- Police is a system targeted to digitalize our police department. The citizens can locate nearby police station, file a complaint, request for patrolling, view local updates/ notifications etc. *(The project was listed in top 10 projects of the institute during the academic year 2018-19)*

## PROJECTS UNDERTAKEN

### FoodZilla
An online food delivery system built on modern javascript fullstack. Customers can view/make orders to the restaurants listed on the system and restaurant owners can accept and process the orders. The app deals with CRUD operations in MongoDB, user login/sign up, protected routes, authentication using jsonwebtoken and authorization.
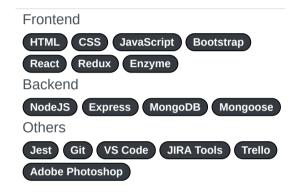

`MongoDB` `Express` `React` `React-Bootstrap` `NodeJS`

### Covid-19 Tracker
A web application built using react, redux and bootstrap to track various statistics about covid- 19 infection rates for India and its state, UTs and cities. Visualization of data done in tables and various charts.

`React` `Redux` `CanvasJS`

## Skills & Tools

Frontend

`HTML` `CSS` `JavaScript` `Bootstrap` `React` `Redux` `Enzyme`

Backend

`NodeJS` `Express` `MongoDB` `Mongoose`

Others

`Jest` `Git` `VS Code` `JIRA Tools` `Trello` `Adobe Photoshop`

## Education

**Bachelor in Computer Engineering**
Gujarat Technological University
Aug'2015 - May'2019
**CGPA: 8.32/10**

## Certifications

**MERN Stack Front To Back: Full Stack React, Redux & Node.js**
Udemy                                    Nov'2020
